Hello everybody,

I am Maxime El Chammas, 17 years old, from Montjean sur Loire- France.

I am student at the school Lycée Professionnel Joseph Wresinski in Angers-France-Premier Level (Middlebaar Onderwijs).

I am so enthusiast to start my internship within VB-Airsuspension NL. The main subject of this internship is to work for 4 weeks within an international and intercultural business environment out of France. I see that VB is the right place for me to do so.

This will be my first professional experience in the business world, I am sure that it will help me a lot to improve both personal as business skills, learn new things, communicate with new people, and get back with a new experience about the automotive industry.

I will learn these things in different areas within VB: Reception, Sales, Marketing, Product Management, Sales Engineering and Aftersales. My role will be observing the process in these departments and learning from my colleges how they handle their work.

As you know, most of the French people are not speaking a good English. However, I will do my best to manage all our communication.

INTRODUCTION

making everyday smoother

My best hobby is playing football, dealing with new people from different cultures, listening to music. Weekend are always special days for me, I always try to spend it in a different way.

Finally, I would like to thank VB for giving me the chance to spend about one month in Varsseveld. From my side, I am sure that it will be a great adventure for me, and I will enjoy my time here.
